

Details

Easily brew airpots full of delicious coffee with this Bloomfield 1082AF-120C E.B.C. automatic airpot coffee brewer! This model features a unique sprayhead design that agitates the coffee grounds during brewing, resulting in a rich, full-bodied taste your customers will love, while its E.B.C. system simplifies operation with a touch keypad, switches, lights, and an audible signal to guide your staff through the different brewer operations! It also comes with a built-in pourover mode for added versatility.

- Precise brewing temperature is maintained through the brew cycle for full flavor and faster recovery
- Adjust water volume without tools or removing panels
- After hours mode saves energy when not in use
- Brew cycle timer eliminates risk of double brewing
- Independent hot water faucet on front
- Easy to clean stainless steel construction; 1-piece stainless steel water tank
- Easy access design for simple maintenance
- Ready to brew light indicates when the machine has reached the proper water temperature
- Built-in pourover mode
- 120V, 1500W
